## CXi delivers Seed Clients into Beta and increases Development Team

CXi software is pleased to announce it has migrated two of its seed clients onto the Beta version its CXi-Registry hosted service. This is an exciting step for the business and CXi looks forward to moving these clients into 'Live' status and environments in the coming weeks.

CXi has also beefed up its Development and Product teams to increase the pace of functionality delivery roll out as well as increase its ability and speed in onboarding new clients. Two senior Database Programmers have been added to the Development team and a Relationship Manager and Business Analyst have been added to the Product and Sales team.
